QUESTIONS:

Q1. Please advise whether subconsultants will be able to compete for the projects coming out of the work products of the subject project, either in the capacity of Prime or subconsultant,” our emphasis was on the subconsultants to the Prime of E13-SEA-13-03. Sometimes in such cases, it is possible that subconsultants can compete for the projects (since their role is often limited and therefore they really do not have any conflict) but not the prime who has conflict of interest. That is the clarification we were seeking.

A1. Page 1 of the NTPC states the following: “The Prime Consultant and/or subconsultants selected for award of this solicitation will not be considered for any design-build projects, for which design criteria specifications are developed for PortMiami under this Professional Services Agreement (PSA), ISD Project No. E13-SEA-03.”

Q2. For Section 9: Table of Organization, are we allowed to use 11x17 paper for the table of organization (org. chart)?

A2. Yes.

Q3. For Section 4: ISD Form No. 2 – Prime Consultant's References, are we allowed to include additional pages per project if our project descriptions DO NOT fit in the allocated space on ISD Form No. 2? Or is each project limited to 1 page?

A3. Yes, additional pages may be utilized for the project description for ISD Form 2.

ALL OTHER PROVISIONS OF THE ORIGINAL "NOTICE TO PROFESSIONAL CONSULTANTS" REMAIN UNCHANGED.
